## Rocky Horror Picture Show

*Lets do  
the Time  
Warp  
again!!*

Last Saturday night was a perfect bite. The weather was just right. Everyone was ready to get up an' move to the groove.

Keeping any of the cold and singing along with the movie.

One step to the right, everyone got up with a jump. The beats of the movie kept everyone enjoying the fun through the night.

and singing along with the movie.

Some of the guest also dressed up for the part. Getting into it many got up and acted along with the movie showing their own moves.

Everyone seemed to be pretty groovy. Dancing

## Haunted House Review

For weeks on end the ACRA crew and many volunteers worked vigorously to get the haunted house ready for its opening weekend. They all knew the different stages of the haunted house would keep their guest on their toes.

Downstairs the mad scientists were eager to experiment and the gypsy was ready to tell your fortune.

Upstairs the door keeper was ready to give you a scream, the dead erupted with life, and the butcher even got into it; chopping away. The saw was ready to get you and the dot boy waited eagerly to give you a fright.

The first night kicked off with a spooktacular crowd. Everywhere all ages could be seen. Screams could be heard throughout the entire night and laughter echoed along with it.

The rest of the nights followed with the same energy as people came out to be spooked. And Halloween Night was no exception.

This was a great way to end the month of October, we thank everyone who volunteered and came out to enjoy the spooky fun. We also thank everyone who donated to this event.

### Where's The Turkey!?:

Why did the turkey go gobble gobble? Because he never learned good table manners.

Why did the turkey cross the road? It was the chicken's day off.

Why was the turkey a good drummer? Because he had the drumsticks!
